Education

University of Kalyani Aug 2024 – Apr 2028

Bachelor of Technology in Electronics and Communication Engineering (GPA: 9.00/ 10.00) *Kolkata, West Bengal*

- **Specialized Coursework:** *Digital Electronics, Network Theory, Embedded System with Arduino, Microcontroller & Microprocessor, Data Structures and Algorithms, Soft Computing*

Experience

Code Your Idea | *Figma, Framer, Canva, Adobe Express* Jun 2024 – May 2026

Lead UI/UX Designer *India*

- Spearheaded the end-to-end UI/UX design lifecycle for web and mobile platforms, translating user research and wireframes into high-fidelity mockups for seamless developer handoff.
- Architected a scalable design system and reusable component library in Figma, accelerating cross-functional development pipelines across 10+ shipped products.
- Collaborated closely with clients to iterate on design feedback, securing repeat business and high satisfaction metrics through user-centric interface updates.

Projects

Code Your Idea | Animated Agency Website UI | Figma 2024

- Designed a 6-section dark-themed space academy site in Figma, with a glass-pill navbar and an immersive Earth-orbit hero featuring an inline planet visual and dual CTAs (“Launch a mission” / “Join Crew”).
- Crafted an expandable “Our Destinations” section of eight planet and deep-space cards, plus an “Explore Astra” row of four icon tiles (Launch Times, Star Chart, Signals, Findings) with blurred-gradient visuals.
- tructured an “Our Observatories” section with map cards and “Set Course” actions, a “Why choose our orbit?” timeline of tagged feature cards, and a three-column footer for easy scanning.

Orbitra: Space Exploration Academy Website UI | Figma 2026

- •Designed a 5-section civic-tech dashboard, including a data-rich hero section combining live temperature, a weather visualization, an AQI pop-up module, and a 7-day forecast panel.
- •Designed a citizen photo-upload flow for reporting pollution, supported by a 3-step how-to guide, plus an AI-prediction dashboard surfacing AQI, hotspot counts, and location-based forecasts.
- •Designed a municipality accountability section visualizing resolved pollution complaints, and structured information architecture across all data-dense sections to keep the dashboard scannable for a general public audience.

Zomato Clone | Figma, UI/UX Design, Prototyping | Figma 2025

- Designed a pixel-accurate, full-featured Figma clone of the Zomato application, covering key user flows including home feed, restaurant discovery, and order placement.
- Built a structured component library with reusable cards and navigation bars, linking screens into an interactive prototype demonstrating end-to-end user journeys.

Technical Skills

UI/UX & Design: Figma, Framer, Canva, Adobe Express, Spline
Design Tools: Figma, Framer, Spline, Canva, Adobe Express, Claude
I**mage Editing & Creative:** Adobe Photoshop, Adobe Lightroom
Frontend: HTML, CSS, JavaScript, React, Tailwind CSS
Languages: C, C++, Embedded C, JavaScript, HTML/CSS
